Schedule for **20-minute audition** time for each school with an equal amount of time scheduled for each school to rehearse after the cuts are given to the teacher. Plan a 10 break/catch-up time. If here is a student auditioning to be our accompanist – schedule a **25-minute** time slot. Be sure to have the entire program learned and prepared! Don't forget to **prepare the Mr. Parlock's piece** even though it doesn't count in the audition process!

### **Region Chairs: remember to have**

1. an accompanist for the auditions
2. one other adjudicator there for the auditions. (For a total of 3)
3. The region chair, accompanist and 3<sup>rd</sup> judge will all receive some compensation for assisting on audition day.
4. Also, a reminder, each region chair is to hold at least one regional rehearsal for their region.
